### Silent Auction Items

We are seeking items for our upcoming silent auction we ask items to be: Valued over \$100 & New or unused Items can be dropped off at the parish office during office hours.

*We will provide a Tax Deductible receipt on Request*

The façade of our Church needs a bit of love. (Really a lot of love). Over the past months we have noticed sometimes large pieces of brick become dislodged and falling from the façade. This happens when the moisture seal is compromised, and moisture enters into the façade brickwork.

Over time heating and cooling, freezing and defrosting loosen the cement between the bricks and some eventually fall out. Besides being a danger to people entering and leaving the Church, if left unattended the extent of the damage just becomes worse over time.

Therefore before things become worse we want to attend to this most needed maintenance of our beloved Church. The project involves repointing the façade on the Entrance side of the Church and Tower and also on the north side of the Church. Then we will secure any loose masonry and reseal the brick work, ensuring it will stand for more years to come.

Our Auction paddle raise this year will go directly to the Churches maintenance fund to kick start this urgent maintenance project.

*Let preserve our Church for the future generations.*
