**Grieving is an experience we'd rather avoid. But "holy grieving" is a bold witness to the power of divine Love, pure Courage, and unexplainable Hope.**

**Mary, Mother of the Lord, and the Holy Women who stood with the crucified Lord are models for us, as we grieve the brutalities in our world today.**

### **Why attend?**

- **We'll connect the joy of Mary's Magnificat to her heart-piercing experience at the foot of the cross—both essential to her journey to Jesus' resurrection**
- **We'll explore the deeper invitations within our own experiences of grieving**
- **We'll find the "sites of crucifixion" in our world today which call forth our witness to divine Love, fierce courage, and a deeper hope for the healing of humanity**
